STEP-BY-STEP INSTRUCTIONS

Bar Stool

By Nadine Vosloo

Paint Masters

Requirements

- Bar stool
- Thinners
- Cloths
- Paint brush
- Tjhoko paint
- Tjhoko clear glaze
- 60 grit sandpaper

Instructions

The Tjhoko colour palette was designed in such a way that all the colours complement each other. So you can pick and choose the colours that you like and they will always match. For this project we used Coral Stone, Vinia Stone and Comfort's Blue.

Step 1:

Clean the surface being painted by wiping it with a cloth dipped in some Thinners (NOT TURPS). This will remove any oily residues from furniture polish or furniture oil. Wait a few minutes for the Thinners to evaporate and start painting.

Step 2:

Simply dip your paintbrush in the jar and start painting the surface. You can decide if you want your chair all one colour or to add some fun, paint the legs of the stool in a different colour of your choice.

Step 3:

White Wash

Adding a white wash to your piece will tone down the colour and add some extra detail.

- Mix together 1/3rd water, 1/3rd paint and 1/3rd Clear Glaze (After mixing the above ingredients, if you feel the colour is too light, simply add more paint. If you feel the colour is too dark, add more Glaze Clear).
- Now take a clean, colourless, damp cloth, dip it into the paint mixture and simply wipe the painted surface with it. One easy step for a washed, sealed surface.
- It dries within seconds.

Step 4:

To create a distressed look, use 60grit sand paper and lightly sand the edges of the stool. Your bar stool is now complete and ready to be used.

So much more to life...
